

Rizaldy Al Kautsar Utomo

RIZALDY / RZ

Student at Bandung Institute of Technology

I am highly determined person for the things i passionate with. I'll do everything to get involve and learn to the things i love. I'm interested with Startups, Design, Internet of Things. Automotive, and more. I prefer to participate in the activities that i can contribute more rather than just get the credits without any significant impact. Also, I am an ENTP person that looking forward to build tech startup in the near future.
